

Tamim Chad Likhon

Flutter • Android • iOS Developer

■ Dhaka, Bangladesh | ■ tamiim6050@gmail.com | ■ +880 1791-136081 | github.com/tamiie56 | linkedin.com/in/tamim-chad-likhon-206709389

CAREER OBJECTIVE

An ambitious junior Flutter developer passionate about building high-quality cross-platform mobile applications for Android and iOS. Committed to continuous learning and growth, with a strong interest in contributing to innovative mobile solutions and academic research in mobile computing and software engineering. Seeking opportunities to apply my skills, collaborate with experienced teams, and evolve into a full-stack Android & iOS developer.

TECHNICAL SKILLS

Primary Languages: Dart, Flutter SDK

Mobile Platforms: Android (primary), iOS (goal)

Database: MongoDB

Version Control: Git, GitHub

Currently Learning: Kotlin (Native Android), Firebase

Tools & Others: VS Code, Android Studio, GitHub Desktop

PROJECTS

1. MemoryMiles — Flutter Travel Diary App

github.com/tamiie56/memory_miles_flutter

- A cross-platform Flutter Android travel diary application for capturing and preserving journey memories.
- Built with Flutter & Dart for a smooth, native-like mobile experience.

2. Personal Portfolio Website

github.com/tamiie56/portfolio | tamiie56.github.io/portfolio

- A fully responsive personal portfolio website hosted on GitHub Pages.
- Built with HTML, CSS, and JavaScript featuring dark/light theme toggle and mobile-first design.
